EDUCATIONAL PROGRAM

Safeguarding & Antidoping Workshops

The ISF's promotion of school sport through its international events is no longer confined to the pitches and stadiums, but also involves imparting knowledge through workshops on two themes that are dear to us all: safeguarding and antidoping. ISF firmly believes that children have and must have the necessary inner resources, through these workshops, to understand, identify and react to negative behaviour such as racism, gender inequality or violence and abuse. The challenge for ISF is to find the right way to express difficult ideas and present complicated topics to young people so that they understand, but also so that they correctly apprehend this problem and are able to react to it.

Raising awareness and enabling participants to transfer their knowledge to their peers back home are also key elements of ISF. At this year's U15 Gymnasiade in Rio de Janeiro, athletes from all over the world were able to attend week-long workshops given by experts in the field, passing on their knowledge and experience through dedicated, constructive and interactive workshops.

EDUCATIONAL PROGRAM

From August 21-25th, the ISF Gymnasiade has been held in the Olympic Park in the iconic Brazilian city of Rio De Janeiro. The ISF Academy is integral to the vision of the ISF and aims to ensure that all ISF events create a lasting legacy that will ultimately benefit young people. As such, the ISF Academy facilitated the start of a series of courses for Physical Education teachers from the Rio De Janeiro community. We have been delighted to welcome instructors from Badminton World Federation, The International Federation of Basketball and United World Wrestling to the Olympic Park.

Over the week, we have welcomed over 50 Physical Education teachers to join us at the Olympic Park. Throughout the courses, teachers have been provided with the tools to be able to deliver sports in schools to engage and energise their pupils.

BWF Workshop

Participants of the BWF Badminton Course began to learn about the ShuttleTime programme which aims to provide PE teachers with ideas, games and strategies to make badminton enjoyable for all pupils in lessons. BWF development manager Sahir Edoe joined us at the Olympic Park and stated that it was an honour for the BWF to join the ISF to work with local PE teachers and upskill them towards the goal of being able to deliver safe and fun badminton lessons in their schools. Rio based PE teacher Ossain Da Silva thanked the team of instructors from the BWF for an 'Interesting, enjoyable and wonderful event !

UWW Workshop

United World Wrestling have focused their delivery around their outstanding Wrestle4Fun programme. Coach Rafael Galva has joined us from Puerto Rico to work alongside a committed and passionate group of local PE Teachers. Coach Galva shared that he has been 'astounded and very impressed' with the attitude, skill level and understanding of the group and feels confident that they will have the confidence to deliver great wrestling lessons in their schools this year. Marcos Silva, a participant on the course praised the high levels of productivity during each day of the course and described the group as having the 'best group of motivators, teachers and educators' he had ever seen !

FIBA Workshop

The ISF was also honoured to have well respected Brazilian basketball coach and educator Fernando Pereira to join us from FIBA. The course had a practical element held in the fantastic Tennis Court Arena at the Olympic Park and incorporated a wide range of games and ideas aimed to engage young people with basketball. Coach Pereira praised the group for their 'attentive and inquisitive' nature throughout both practical and theory sessions. Attendee Luciana Gaucha Peil thanked Coach Pereira for instigating highly interesting basketball discussion and debate during the sessions.

A huge thank you to the cooperation and commitment from each International Sporting Federation for joining us at the Rio Gymnasiade 2023 and helping us to create a lasting legacy for the young people in Rio Da Janeiro.
